

## My best 2009 Memory

This year we got a pool on the first day of summer.

For the whole summer we used the pool with family and friends. My friends came over sometimes at 2:30 pm. One time my family came over at 3:00. We had a lot of fun. We put our dog in the pool. It was a disaster.

Instead of our dog swimming in the pool, she was drinking the chemicals in the water. She loved being in the pool. One time she climbed up the ladder all by herself. We had to make sure she was safe.

My busia swam with me. I felt so happy to be out of school! Because my busia always buys me toys for the pool.

I know my family is the best. I hope my summer will be the best next year!
