10 Pay WL + Annuity

Single Premium + Annuity

An annuity balance equal to the face amount at age 25.

Silver Equity Policy

The Silver Equity Policy is a combination of an annuity policy and whole life insurance. The annuity policy is similar to a savings account with interest compounded yearly. The life insurance certificate accumulates cash value and may earn dividends, which allows you to purchase additional paid-up insurance, just like our regular life insurance certificates. The annuity builds to face amount at attained age 25 and is payable on the anniversary of policy at insured age 25.
